In the Kududarahal Famine Relief work in Siruguppa Taluk of this District there are about 3,000 workers and dependents who have migrated from the villages in the Hyderabad State noted in the annexure.* This large volume of immigration from the State indicates the want of an adequate system of famine relief there. The Kududarahal Famine Relief work is already overcrowded.

2. I request that the Government may be pleased to take such act as may be necessary with reference to section 208 (b) of the Famine Code.

REVENUE DEPARTMENT

Sir,

I am directed to refer to letter C.No.4650/42, dated the 17th March 1943, from the Collector of Bellary, copy endorsed to this Residency.

2. The migration in question is explained by the fact that there are a number of rich irrigated village under channels taken from the Tungabhadra river, e.g., around Anagundi and Hampi, on both banks of the river which attract a large amount of migratory labour every year from the dry villages of both Bellary and Raichur Districts for the sugarcane harvest, preparation of gur and annual cleaning of irrigation channels: and whose population, so far as seasonal employment is concerned, is always fluid.

3. I am to add that there are several famine camps in the State to which the immigrants from the Hyderabad State can be diverted, and I am to suggest that, if there is no objection, the Collector of Bellary may kindly be asked to get into touch with the first Taluqdar of Raichur for information as to the location of these camps.

I have the honour to be,

Sub: Famine - Bellary district - Immigration from the Hyderabad state to Kududarahal Relief Camp (Siruguppa Taluq) report under section 208 of the code - submitted.

I have been informed that a certain number of men belonging to this district are engaged on Famine Relief Works in your District. There are a number of scarcity works in progress in this district and if the men from this district cannot be retained on the works where they are at present engaged, they can very easily be absorbed at any of the relief works here that may be close to their villages. Presuming that these people belong to Sindhnur taluq which is adjacent to your Sirguppa taluq, a list of the works in progress in Sindhnur tal is attached herewith so that the people may be directed to report themselves for work at these centres. The Divisional Engineer and the Tahsildar are being asked to make arrangements for engaging them on the relief works.

G.O. No. 847, 27th May 1935

Public Services—Irregular promotions of persons eligible for old scale of pay in preference to seniors not entitled to old scale—Cancellation and promotion of persons in accordance with rules—Date of effect—Recovery of excess pay from those reverted—Instructions issued.

Order—No. 847, Public (Services), dated 27th May 1935.

It was brought to the notice of Government that after the issue of the rules in G.O. No. 311, Public, dated the 13th April 1933, regarding the application of the revised scales of pay certain Collectors made promotions in the Ministerial Service contrary to the provisions of rule 14 (*a*) and rule 14 (*b*) of the old general rules for subordinate services. This they did on the ground that the seniors who were overlooked had not acted in the higher posts before the 13th April 1933 and were not therefore eligible for the old scales of pay, whereas the juniors who were promoted had so acted and had thus become eligible for the old scales. Government pointed out in G.O. No. 1053, Public, dated the 12th December 1933, that the rules in G.O. No. 311, Public, dated 13th April 1933, did not bar the promotion to a post of an officer who was not eligible for the old scale of pay in that post and that promotions which were made in contravention of the provisions of the statutory rules were illegal and should therefore be set aside.

2. The Accountant-General asks whether the orders in G.O. No. 1053, Public, dated the 12th December 1933, should be applied retrospectively from the dates on which the original vacancies occurred in the higher posts or whether they should have effect only from the subsequent date when the reversions and the promotions in accordance with the rules were actually ordered and the persons concerned began actually to discharge the duties of the posts to which they were reverted or promoted. Promotions made otherwise than in accordance with the provisions of statutory rules are illegal. They should therefore be set aside and the persons promoted should be reverted with effect from the date on which they had been promoted and the excess pay drawn by them should be recovered. Government will however consider, on the merits of each case whether the recovery of the excess pay may be waived. The cases recommended by heads of departments should be submitted to Government in the administrative departments concerned. Government do not however consider that the consequential vacancies should be filled with retrospective effect from the dates of reversion of those who had been promoted otherwise than in accordance with the rules. They therefore direct that they be filled only from the date on which the promotions were actually made in accordance with the rules.
